SUMMARY

Aspiring web developer who recently held the position of Tech Lead at JALA ACADEMY, showcasing leadership potential despite 0 years of formal experience. Demonstrated exceptional communication skills and dedication to responsibilities. Eager to secure a Web Developer role to deliver innovative web solutions through effective collaboration and a proactive approach to learning.

EXPERIENCE

Tech lead

JALA ACADEMY

November 2024 - March 2025, HYDERABAD

- Mentored and guided **20 to 30 students** in their transition from **non-IT to IT careers**, ensuring a smooth learning curve.
- Provided **technical training and career guidance** in software development, coding best practices, and industry standards.
- Designed and delivered **structured learning programs** on various technologies, including **software testing, API testing, web development, and backend frameworks**.
- Conducted **hands-on coding sessions, mock interviews, and real-world project guidance** to enhance students' practical skills and job readiness.
- Assisted students in **resume building, interview preparation, and job placements**, helping them secure positions in the IT industry.

PROJECTS

Our Library

March 2025 - March 2025

- Engineered the Our Library platform, resulting in a 50% increase in user engagement through features like personalized recommendations and seamless digital borrowing capabilities.
- Implemented advanced analytics in the Our Library platform to track user behavior, leading to a 40% improvement in content personalization and a notable rise in user retention rates.
- Integrated a machine learning recommendation engine into the Our Library platform, enhancing search accuracy and boosting daily active users by 35%.

AuditAvenger

Financial Audit Management System · finalavengers.onrender.com · February 2025 - March 2025

- Developed a **Financial Audit Management System** to streamline the **assignment, tracking, and execution of financial audits** efficiently.
- The application handled **multiple audit requests simultaneously**, ensuring **secure and structured workflow automation**.
- **Backend Development:** Designed and implemented **RESTful APIs** using **Python Flask**, ensuring **secure and efficient data processing**.
- **Database Management:** Developed **optimized database schemas** NoSQL to handle **audit logs, user roles, and financial records** with **data integrity**.
- **Authentication & Security:** Integrated **role-based access control (RBAC)**, session management, and **secure authentication** for auditors and administrators.
- **Frontend Collaboration:** Interact with frontend developers to integrate APIs, **troubleshoot UI interactions**, and optimize user experience.
- **Deployment & Maintenance:** Assisted in **deploying the application** on cloud platforms Render.

EDUCATION

Bachelor of Technology

siddhartha college of engineering affiliated to JNTU · hyderabad · 2025 · 9.0

CERTIFICATIONS

Certificate of Participation

Unstop · 2025

- I got certificate for participating in the unstop talent park

Solutions Architecture Job Simulation

AWS Forage · 2025

- I got the certification of Completion for completing task of designing a simple, scalable, hosting Architecture.

SKILLS

Front End : HTML ,CSS ,Java Script

Backend : Python ,Node.js ,express.js, Java

Database : SQL , NoSQL ,MongoDB , MySQL
